Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

September 30, 2017 and 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

WF maintains its accounts and prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes checking accounts deposited with FDIC-insured financial institutions. Certain accounts that meet the definition of cash equivalents, but are part of a larger pool of investments, are included in investments. As of September 30, 2017 and 2016, WF had \$111,097 and \$92,351, respectively, deposited with a related entity functioning as a money market account. From time to time, WF has cash deposits in excess of federally insured limits; however, WF has not experienced any losses on these accounts and does not believe that it is exposed to any significant credit risk.

INVESTMENTS

Investments in marketable securities with readily determinable fair values and all debt securities are reported at fair value. RIA Charitable Investment Funds, Inc. (RIACII) operates as an investment pool available to Wycliffe Global Alliance member and associated partner organizations. Funds deposited with RIACII are invested in a variety of fixed income securities including U.S. Treasury issues, corporate bonds, and mortgage backed bonds, which borrow and pay in U.S. dollars. WF is invested in the short term portfolio which pays interest at a stated rate as determined from time to time by the board of directors (2.00% as of September 30, 2017 and 2016) to participants in proportion to the amount they have on deposit in the pool. Interest received is recorded in funds held for others on the statements of financial position. As of September 30, 2017 and 2016, RIACII reported total assets with a fair value of approximately \$91,867,000 and \$89,243,000 respectively, of which WF holds \$4,083,824 (4%) and \$4,391,084 (5%), respectively.

Realized and unrealized gains and losses are included in investment income on the statements of activities.

PROPERTY AND EQUIPMENT

Expenditures for property and equipment in excess of \$5,000 are capitalized at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the depreciable assets, which ranges from 3 to 7 years.

The net assets of WF are classified into net asset categories according to externally (donor or legal) imposed restrictions as follows:

Unrestricted net assets include gifts for the general operations of WF, amounts designated by the board for specific use, the undistributed amount of donor contributions to donor-advised funds, and those resources invested in property and equipment.

REVENUE

Revenue is recognized when earned and support when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of other assets is transferred to WF.

ALLOCATION OF EXPENSES

5. FAIR VALUE MEASUREMENTS:

WF uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, WF measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 inputs were not available. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority.
